

## **Technical description**

### **1. Structure:**

The stand structure will be aluminium silver color octanorm. The construction height will be 2.50m.

### **2. Panel:**

The panels used for the stand construction will be MDF vested with PVC beige color.

### **3. Fascia-roof:**

A fascia is constructed from the height of 2.20m and till 2.50m. made by structure of silver aluminium and filling with silver panels.

### **4. Sign:**

The sign placed on the fascia, hosts your logo name with black self-adhesive vinyl letters. Several other self-adhesive vinyl logos are placed on the top part of each display system.

### **5. Lighting:**

In the stand area will be lighting mirror spots (set of 5) per 9sq.m and a socket per stand.
