VIDEO CONFERENCING SYSTEMS

Enter the NANOTECHNOLOGY Virtual Environment

- During the Event you can get access to the NANOTECHNOLOGY virtual environment via the interactive NANOTECHNOLOGY virtual Floor Plan shown below as a representative image. The floorplan will be available for all the participants, a few days before NANOTECHNOLOGY multi-event on the Users Area of nanotechnology.com
- To test the platform you can connect to the virtual [Registration and Helpdesk](#) which is open to participants (Monday to Friday 10:00-15:00 CET). For more details see the "[User Guidelines](#)"

Before your presentation

- Install the Alfaview application a few days before your presentation and consult the NANOTECHNOLOGY Virtual Helpdesk via the floorplan in case you face any difficulties.
- Join the conference via the NANOTECHNOLOGY Virtual Platform and find the upcoming session of the program at the entrance of each conference.
- Click on the join button to enter the Session
- Login to the Session of the conference (NN, ISFOE, I3D, ISSON) that you have a talk **30 min before** to avoid any possible delays.

- Click in the icon and then Session A
- Please make sure that your mic is off while entering the session

NN - Session A

Tuesday 6th July

WS3 – Nanomedicine

11:30-12:00	INVITED Nanotechnologies in orthopaedic oncology N. Baldini U. of Bologna and Istituto Ortopedico Rizzoli, Italy
12:00-12:30	INVITED (L) The 3D osteocytic network in a microfluidic platform with hydroxyapatite nanoparticles to study metastatic prostate cancer behavior S. Avnet^{1,2}, M.V. Lipreri¹, G. Di Pompo², G. Graziani², E. Boanini³, A. Bigi³, N. Baldini^{1,2} ¹ Dept. of Biomedical and Neuromotor Sciences, U. of Bologna, Bologna, Italy ² Lab. for Biomedical Science and Technologies, IRCCS Istituto Ortopedico Rizzoli, Italy ³ Chemistry Dept. "G. Ciamician", U. of Bologna, Italy
12:30-13:00	INVITED (L) Head and Neck Squamous Cell Carcinoma: clonality, microenvironment, cell-cell communication and potential treatments Thimios Mitsiadis, In. of Oral Biology, UZH, Switzerland

Session

Join

nano-tip:

You can pass your time between the sessions that you wish to attend at the poster session or the free bar area to meet and discuss with the rest of the participants.

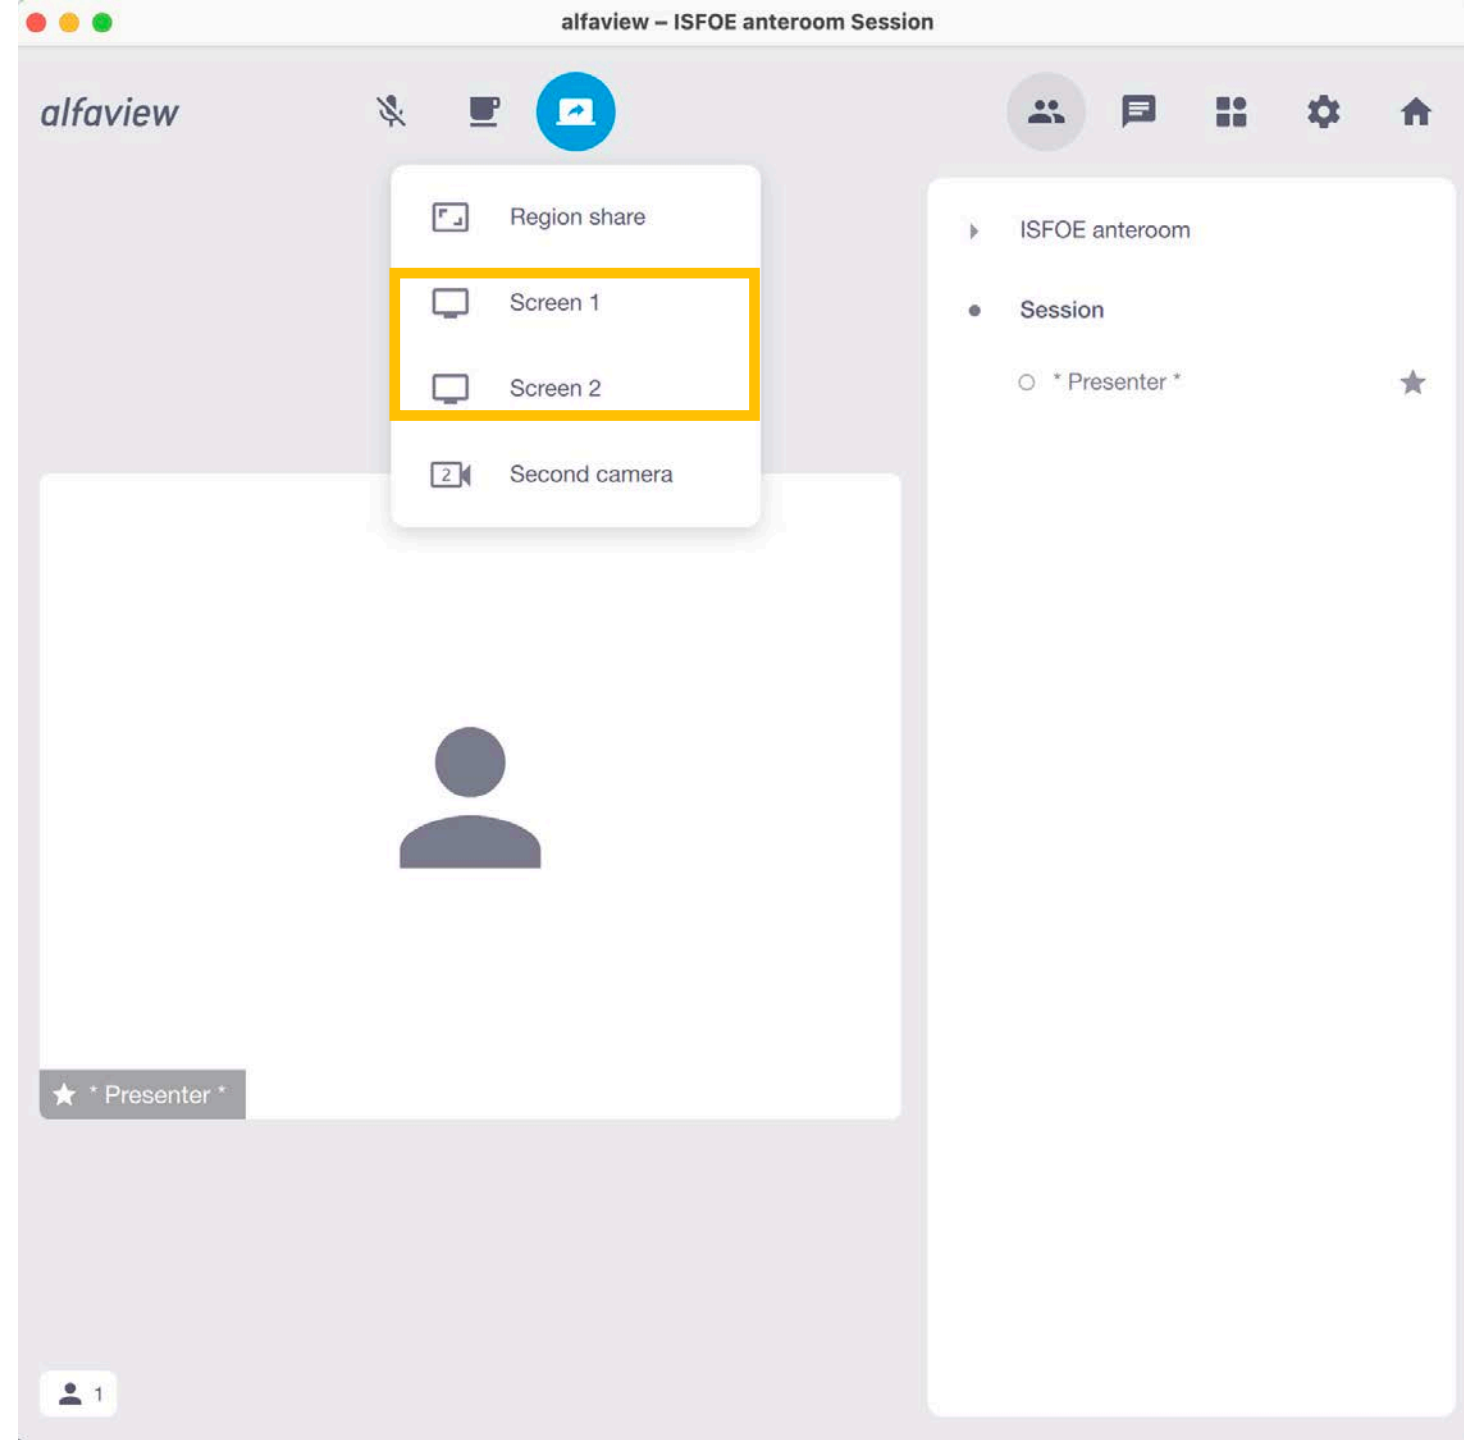

Instructions for sharing your presentation in a dual monitor configuration

- In case you use two monitors, place the Alfaview application window and your Power Point presentation window in separate monitors

- To Share your presentation with the rest of the attendants, click on the “Share Screen” dropdown menu and then select the screen with your PowerPoint presentation

- Enter the presentation mode

- You are ready to present your work!

Instructions for sharing your presentation in a single monitor configuration

1

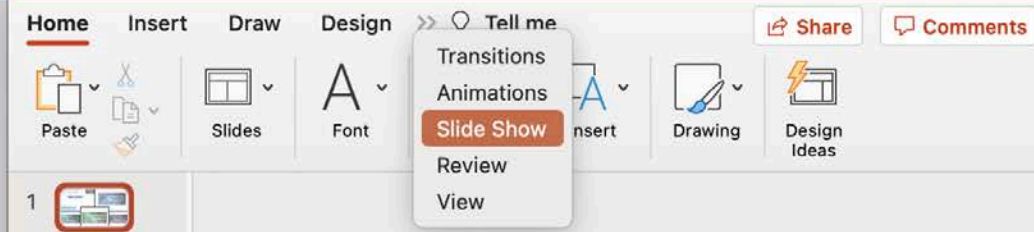

The slide features the 'nanotechnology' logo at the top left, the dates '5-10 July 2021 Thessaloniki Greece' at the top right, and a large 'WELCOME!' text in the center. Below the welcome text is the 'alfaview VIDEO CONFERENCING SYSTEMS' logo. The slide is divided into several sections, each with a small thumbnail image and text: 'ISFOE 21 14th International Symposium on Flexible Organic Electronics', 'ISAO 21 4th International Conference on 3D Printing & Resin, AI, Robotics, Digital & Additive Manufacturing', 'NN 21 18th International Conference on Nanoscience & Nanotechnology', and 'ISSON 21 15th International Summer Schools on Nanoscience & Nanotechnology, Organic Electronics & Nanomedicine'.

On your screen place the Alfaview application window and the PowerPoint window next to each other

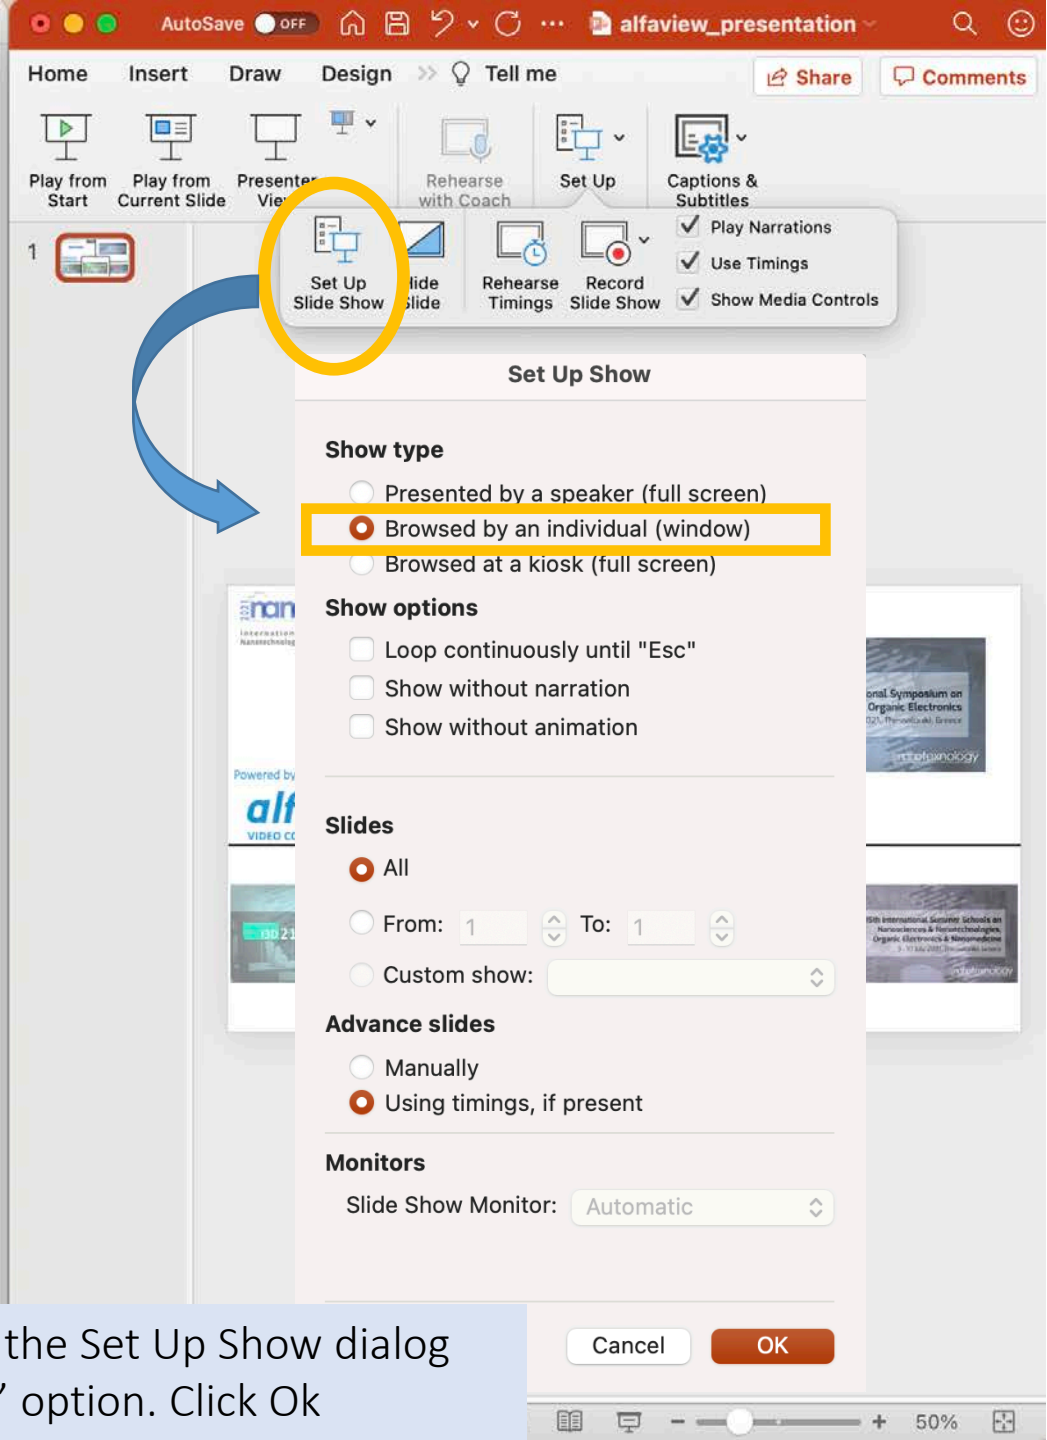

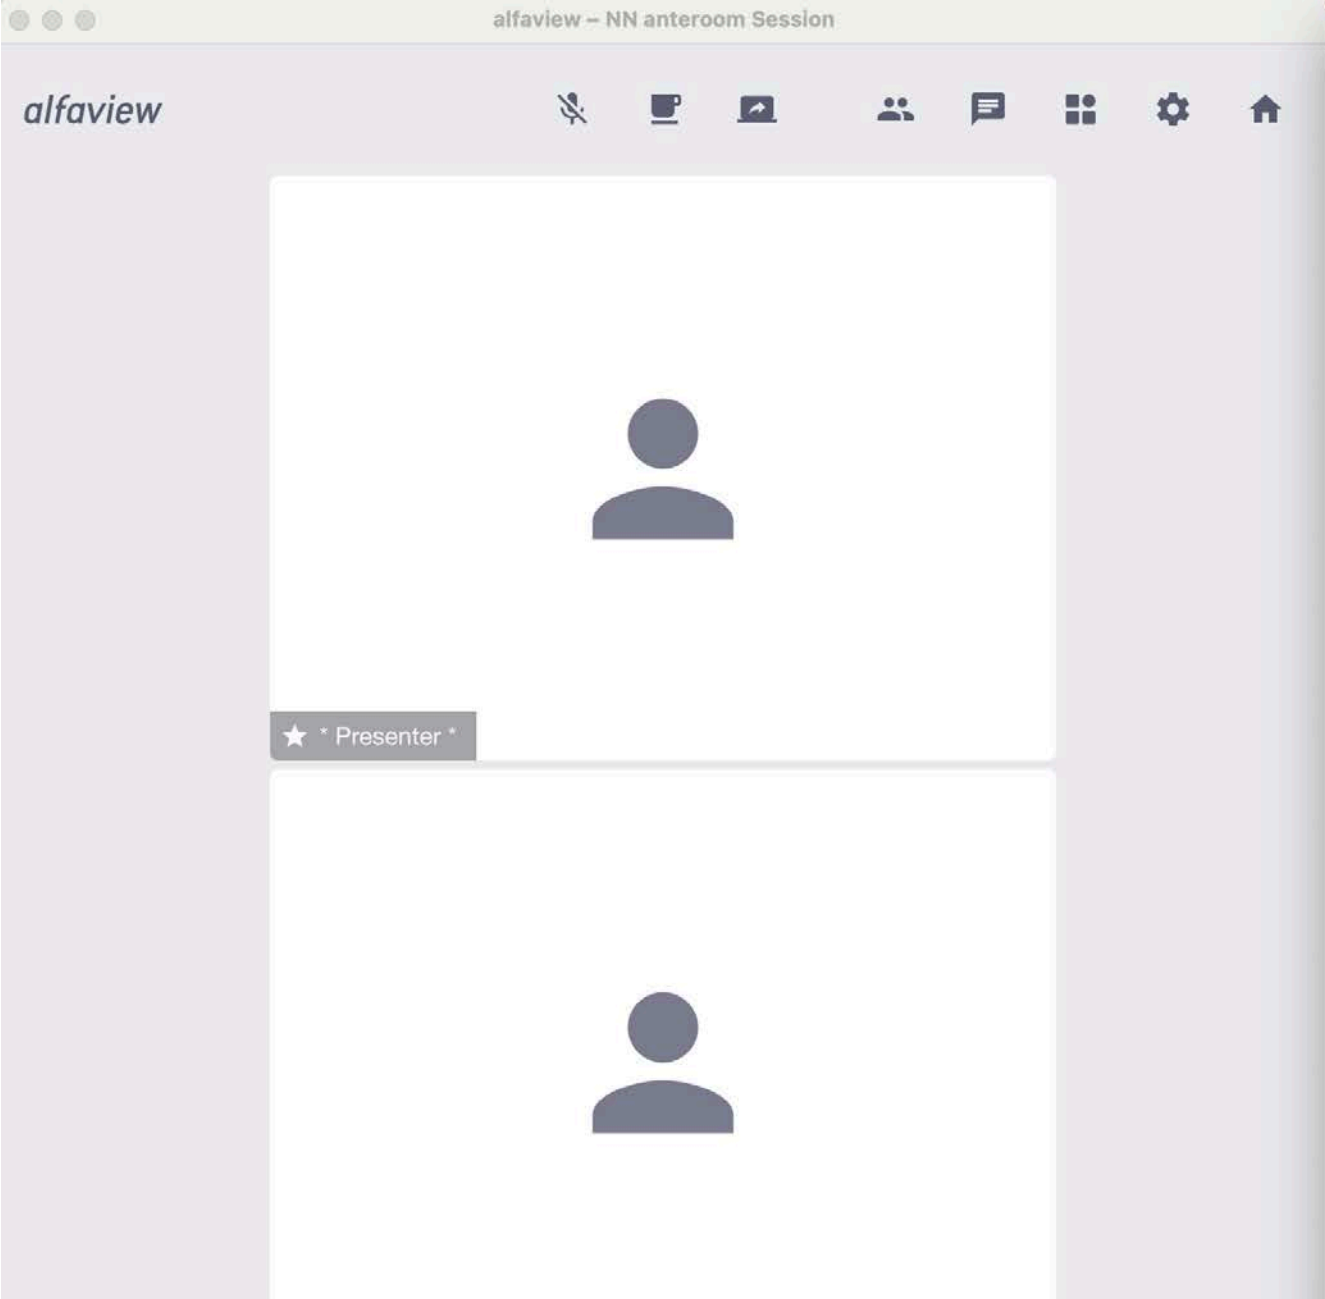

alfaview

2

At the PowerPoint window select the "Slide Show" ribbon

Click on the "Set Up Slide Show" button and in the Set Up Show dialog select the "Browsed by an individual (window)" option. Click Ok
