# Standard Shell Scheme Stands

- > No third parties are permitted to make any electrical installations or constructions within the Type 2 exhibition stands. However; the exhibitor can ask for extra lighting (if need be) by completing and filing the relevant Order Form (Order Form p. 36)
- > An electrical switch board, plugs and lightings are necessarily positioned within the stand and cannot be removed or replaced. If you wish their being placed in a particular position, you need to send a plan of your Booth no later than 20 days prior to the event.
- Orders that concern electrical installation or/and constructions (e.g. installation or connection of floodlights, storage areas, lighting grid systems) cannot be executed without a relevant plan (Electrical Equipment p. 36, 39 & 41). The latter must be submitted no later than 20 days prior to the event.
- > Please note that no fixings may be made directly on the wall panels or the exhibits/ furniture. If need be, please contact the EXPOSYSTEM Exhibitor Service Desk and a wide range of solutions will be offered to you. Moreover, all materials must be removed from the wall panels at the end of the exhibition, without causing any damage. The latter always burdens the exhibitor.
- > The construction materials (necessary for storage rooms, offices, etc.) and the exhibits/ furniture can also be placed outdoors, as long as the latter are roofed and protected from extreme weather (e.g. heavy rain, wind).
- > Any alteration to the carpet color is subject to our products' availability -provided that your order is completed on time- (Order Form p. 57)

CLARIFICATIONS

- The electric panel, the sockets and all luminaires need to be placed in the structure and cannot be removed. If you wish their placement at a specific point, you are kindly requested to provide us with a draft up to 30 days prior to the event.
- All electric circuits are connected to a distribution board and include a 300mA relay.
- Power supply (kw) is included in the luminaires' prices.
- Both the installation and the power connection of the exhibitor's luminaires can only be completed if the latter are led, have a Schuko plug at their very end, are grounded and in good condition.
- The kw pricing is multiple of 0.5 kw.
- Power strips are not available.

#### **CLARIFICATIONS**

- The provided files must have one of the following forms: high resolution pdf, ai, eps, tiff and they should embed the relevant photographs. The latter should have converted to CMYK and the fonts to curves, respectively. Furthermore, the files must be accompanied by a preview.
- The file resolutions should be: 72 dpi (scale 1:1) for up to 2m2 printings and 300 dpi (1:10 scale) for larger ones.
- Prices do not include graphic design services or adjustments.
- The use of machinery equipment such as cranes -which may be necessary for your own stand- is not included in the above mentioned prices.
- The amount of any additional charges will be determined beforehand.
- Product availability is concrete and orders are executed in priority order.
- For items priced per m<sup>2</sup> minimum charge of 1m<sup>2</sup> is applied.
- All items (besides roll ups and beach flags) remain at the disposal of Exposystem after the exhibition's closing.

#### The pricelist is valid for events organized in TIF - Helexpo.

To confirm your order, you must send this form via e-mail: **ordersthes@exposystem.gr** and settle your account

no later than  ${\bf 20}$  days prior to the event.
